Subject: [TheRocketdyneInformationSociety] Re: ACME closing its' doors....and going MOBILE event! SUNDAY 3/28 from 1-5pm

and KeenObserver, or should I say, Michael Collins writes today:

(thank you Michael for identifying yourself as KeenObserver, that explains a lot) Too bad you and Mr. Hirsch cannot be grownups and discuss the issues instead of just focusing on destroying two people who cared so much, they built a museum. But you just want one voice and will stop at nothing. Please stop. We're closing Sunday, isn't that enough? Mr. Collins? I'm I not allowed to breathe?

Best Wishes, I feel sorry for you and hope you find your way someday and can find a more productive way to make a difference, rather than just focusing on hammering the coffin shut on ACME.

Good Bye,

Christina

Imagine what happens when I google "keenobserver rocketdyne"

You aren't very careful, too self centered that you can't resist the self promotion at every turn. How do you sleep at night? Oh that's right, you don't because you are up writing garbage wishing you were a real reporter. You are the pinnochio of journalism, but unfortunately there is nothing real about you except your vengeful hatred.

This is shocking even for you. The level you will stoop to is astonishing. How low can you go? How many will you try to ruin for a pathetic pat on the head? Good luck in prison.
